

Optimarine Clean

Optimum Premier Marine Products

Aquatic & Environmentally Friendly Cleaner for Boats

Product Description

Optimarine Clean is a clear water based liquid cleaner formulated for boats and water craft. Optimarine Clean is based on safe, hazard-free & natural sustainable materials which are kind to the environment, surface and the user as well as providing excellent performance and economy.

Optimarine Clean is formulated from plant extract derived materials and is proven to work in lower concentrations and temperature to achieve enhanced cleaning performance saving time and money, with no environmental or user concerns surrounding usage and disposal unless otherwise stated by the local authority.

Product Features

- Naturally derived sustainable ingredients which are many times more powerful than traditional surfactants giving a superior clean and gloss finish
- Low Chemical & Biological Oxygen Demand rating
- Fully biodegradable (soft biodegradability within 28 day cycle)
- Safe for environment and user – no hazard classes
- Formulated to foam for visible cleaning
- Typically dilution 1:50 with water however dependant on soils and clean required stronger concentrations up to 1:2 may be required.

Typical Physical Characteristics

- Type: Neutral liquid cleaner formulated from naturally occurring surfactants and sequestrants, which act synergistically to provide high levels of cleaning performance
- Appearance: Clear liquid
- SG: Typically 1.02 - 1.10
- pH: Concentrate is typically pH 9.0
- Solubility in water: 100% miscible in water at all dilutions
- Shelf life: 12 months in original container

Handling & Storage

- Protect against frost where product is been stored in cold temperatures, leave container to reach ambient temperature prior to use
- Handle in accordance with good practice
